### 3.3 Tender Procedure

- 3.3.1 Tender Cum Auction is a combination of electronic Tender followed by Auction (Forward Auction). The Forward Auction will be conducted after Opening of Price / Financial Bids.
- 3.3.2 The Tender Inviting Authority (TIA) will normally mention about conducting of e-bidding along with necessary instructions at the Notice Inviting Tender (NIT) stage itself. In the portal, it will be mentioned in the Form of Contract as 'Tender Cum Auction' against the particular tender.
- 3.3.3 Bidders are advised to refer the data sheets along with this document
- 3.3.4 Generally, all bidders who are techno-commercially qualified & approved by department/organization will be eligible for participation in the Forward Auction
- 3.3.5 After opening of the price (financial) bids, System will display H1 bidders (Highest Bidder for the plot) price based on either overall price basis or item wise/lot price basis automatically.
- 3.3.6 The participation in the auction by an eligible bidder is voluntary. It is solely at the discretion of the bidder to participate in the auction. If a qualified bidder is not interested to participate in the auction, then price / financial bid submitted by bidder in the tender shall be treated as final price/financial bid of that bidder.
- 3.3.7 There will be no participation fees for the Auction. The bidders get an opportunity to change their prices by participating in the auction. In the case of Forward Auction, the highest price among the value quoted by the bidder in the auction and Financial Bid submitted will be taken as the final price quote of the bidder against the tender.
- 3.3.8 Using the system provided price, which would normally be considered as auction start price and accordingly, will create Forward Auction and the auction will be published by the TIA.
- 3.3.9 The Techno-commercially qualified bidders (who are not eliminated by the system from participation in the Auction as per elimination criteria set by TIA against that tender cum auction) will receive Auction schedule intimation through e-mail. However, bidders are always advised to visit web site / portal regularly to keep them updated and to timely act upon wrt auction / other requirements of that tender.
- 3.3.10 The server time (which is displayed on the bidders' dashboard after login) will be considered as the standard time for referencing the deadlines for participation in live auction and other process during auction in the portal. The bidders should follow server time (Server System Clock) for all activities in the portal. The Time followed in

this portal is as per Indian Standard Time (IST) which is GMT+5:30.

- 3.3.11 As per the configuration defined against the tender cum auction by the TIA, the system will not disclose the name of the H1 bidder, number of bids and names of the participating bidders on the portal to anybody prior to the completion of Forward auction process.
- 3.3.12 Participation in Forward Auction:
- 3.3.12.1 Click on Live Auctions Button.
  - 3.3.12.2 Click on View button to participate in the interested Auction.
  - 3.3.12.3 There is List of qualified Lots in which Bidder can participate against selected Auction. Click on Hammer Icon to participate in the respective lot.
  - 3.3.12.4 On clicking Hammer Icon, system will show Start price, Incremental price and Current price against lot. Current Price will appear as Blank (-) in case no bidder has offered price.
  - 3.3.12.5 In case of Forward Auction: Enter your Price in 'My Auction Price in Rs' in multiples of incremental value of 25,000/- and Max Seal of 50 % value, then sign it digitally by clicking on Sign Icon and Click on submit button.
  - 3.3.12.6 System will then display Current Auction Price, Auction submitted Date/Time (last successfully quoted date & time), Auction scheduled date & time, Auction extended time up to (if any) etc.
  - 3.3.12.7 On clicking "Refresh" Link in the screen, then the screen will be reloaded and will show your Latest Value / Price Quoted and system will also show Amount/ Rate (highest amount/ rate) which any Bidder would have quoted.
- 3.3.13 The live auction will be extended automatically by "Auto Extensions in minutes" if a valid and digitally signed bid has been successfully recorded in the system during the "Auction Elapse Time in minutes" before auction closing. The server time will be considered final and all bids that are received and recorded by the server before the auction close time (as per the server time) only shall be treated as valid bids. Bidder should follow the auction end/close time as displayed on the screen.
- 3.3.14 During the auction the bidders are also advised to click "Refresh" link for refreshing their webpage to get the latest information about the status of the auction. The Live Auction window will remain same and time remaining will be ticking, even in the event of disconnection of bidder computer system, Network/Internet. The bids submitted by other bidders during the time of disconnect of bidder computer system will not be displayed on your screen. The other bidder might have become H1 (as the case may be) for the item during this time. To overcome this situation the bidders are also advised to click "**Refresh**" link for refreshing their webpage frequently.
- 3.3.15 The last (latest) successful bid price quoted by bidder will be considered as valid price at any point of time during Auction.
- 3.3.16 The chronologically last (latest) bid submitted by the bidder till the end of the auction will be considered as the valid price bid offered by the bidder and acceptance of the same by Tender Inviting Authority will form a binding contract between Tender Inviting Authority and the bidder for entering into a contract.
- 3.3.17 For those bidders, who are eliminated from participating in the auction or bidders who

are eligible for auction but not provided any price during auction, the rate quoted in the price/financial bid of the tender will be considered as final price.

- 3.3.18 Internet connectivity and other paraphernalia requirements shall have to be ensured by bidder themselves. In order to ward-off such contingent situation like internet connectivity failure, power failure etc., bidders are requested to make all the necessary arrangements / alternatives whatever required so that they are able to circumvent such situation and still be able to participate in the live auction successfully. However, the bidders are requested not to wait till the last moment to quote their bids to avoid any such complex situations.
- 3.3.19 Non submission of bid/quote during live auction within due date / time following due process prevalent at that time in the portal due to failure of computer system, power, network, internet connectivity or delay in performance or otherwise at Bidder's end or any other reasons for which bidder shall be held solely responsible. Neither National Informatics Centre nor concerned Tender Inviting Authority will be held responsible for the same in any manner.
- 3.3.20 The Tender Inviting Authority reserves the right to postpone, suspend/pause, resume and extend the Auction, if required.
- 3.3.21 Bidder shall not divulge their bids to any other party during auction. If a Bidder or any of its representatives are found to be involved in Price manipulation/ cartel formation of any kind, directly or indirectly by communicating with other bidders, strict action including blacklisting shall be taken against such bidders as per procurement guidelines/policies of the TIA.
- 3.3.22 After the conclusion of the online forward auction, all bidders who have participated, will see the overall Comparative chart H1 price of the Auction.
- 3.3.23 Based on the (H1) price of each bidder as well as the price quoted in the tender by the non-participating bidder, comparative chart will be generated by the system and accordingly, further financial evaluation processing will be done by Tender Inviting Authority.
- 3.3.24 The Tender Inviting Authority normally reserves the right to extend, reschedule or cancel the process at any time, before ordering, without assigning any reason, with intimation to bidders.
- 3.3.25 Bidding will be conducted only in Indian Rupees as indicated in the tender.
- 3.3.26 Validity of bids: Price shall be valid for a period of defined number of days from the date of forward auction or as specified in the tender. These shall not be subjected to any change whatsoever.
